(Designation) President, District Board, South Kanara.

To The Secretary to the Government of Madras,

Public Health Department.

Madras.

Sir,

I have the honour to report to Government that I had to fill up a vacancy of a sub assistant surgeon under rule 2(1) of the rules issued in Government Order No.2341 L and M.dated 20.6.1936 in the following circumstances.

2. The Medical Officer of Local Fund Dispensary,Baindur, proceeded on medical leave for 2 months from 21.6.1937. (The) Two probationers eligible to fill up the vacancy were Messrs A.P. Venkatasubbiah L.M.P. and K. Rama Bhat L.M.P. both of whom were not available. Mr A.P. Venkatasubbiah being the senior of the two was appointed to the vacancy as soon as the vacancy occurred but as he did not join duty in spite of orders issued from this

office I had to cancel the appointment order. The other probationer Mr. K. Rama Bhat pleaded his inability to accept the post on the ground of ill- health.

3. There being no other probationer and as the work in the Baindur Dispensary had considerably suffered in the meantime in the absence of a Medical Officer, I proposed to appoint to the vacancy one Dr. M.S.Holla, L.C.P.S. a registered Medical Practitioner practising at Baindur and sought the opinion of the District Medical Officer in the matter. The District Medical Officer, however, was not inclined to accept this proposal on the ground that the question of employing rural medical practitioners would prejudice the claims of the rural medical practitioners later on. He therefore suggested that the medical officer of Mulki Hospital may be transferred to Baindur and one Dr. Shama Shetty L.M.P. Honorary Medical Officer be appointed at Mulki. As I was not in favour of transferring the Medical Officer of Mulki to Baindur in a short leave vacancy and in the ~~light~~ height of the monsoon season I was compelled to appoint Dr. M.S. Holla in exercise of powers vested in me under Rule 2 (1) of the Communal Rotation Rules. The District Medical Officer was informed that the appointment of this candidate would terminate as soon as probationers would be available or the stage at which the communal rotation is to be made applicable is decided by Government and that under Rule 2(3) of the communal rotation rules Dr. M.S. Holla's service in the temporary appointment would not count for probation and therefore would not prejudice the claims of rural medical practitioners.

4. I request that Government may be pleased to let me know from which community the vacancy referred to above should be filled. For the information of the Government I am enclosing a list showing the names of Medical Officers employed by this Board and the communities to which they belong.

Your obedient Servant,

President
